# RoR Backend Developer (f/m)

## Your Job

- You are building and maintaining our backend and automation tools, based on Ruby, Rails, and AngularJS for our eventmanagement & matchmaking platform **hubs**:
- You are taking responsibility for the full lifecycle of your code, from implementing, to testing, to user acceptance, to deployment
- Your working with and improving our mobile web app
- You are responsible for the documentation of proprietary software solutions reports your results and you develop strategies to improve your projects
- You enrich your team with your knowledge, your person, innovative ideas & your passion
- You are part of we.CONECT and you love to be part of your team

## Your Profile

- You are fond of test-driven development
- You have an understanding of core concepts like OOP, design patterns, algorithms and how to run Ruby on a production server
- You are enthusiastic about your work, results- driven and keen on developing in an agile environment with pair programming and Scrum
- You are excited about pragmatic programming for elegant & simple solutions
- You have been working already in agile projects and you know SCRUM from the srcatch
- A high degree of motivation, service & product orientation are your strengths
- You have a quick mind, conceptual & analytical skills and the willingness to incorporate you into complex issues and products
- Good English skills complete your profile

## Our Offer

- An amazing company culture and exposure to partners both domestic and international
- A challenging and creative environment in an innovative, international, rapid growing and owner-managed company
- Independent work at a high level with numerous training and further education
- No: 1! Working in the best team in Berlin, ranked by Kununu the employer evaluation portal
- 23 Nations! An incredibly international team with more than 100+ passionate people in two of the coolest cities on Earth, Berlin and London, that challenges you all the time to find the best possible solution
- Competitive salary package, including base salary and commission

## If you know that

- You have all these abilities and the job fits your profile
  - You want to be part of our team
  - You want to take care of our products with full power and passion
- we would love to hear from you. Send us your complete application including your salary expectations via email to: [wepeople@we-conect.com](mailto:wepeople@we-conect.com)**
